Together We're Better Inclusive Education Campaign

Let's Learn About Differences Together!

Outcomes for Students in 1st and 2nd Grade:

By participating in these presentations, students will…

- Have a "safe space" to hear a young adult with a disability share their personal experience about growing up and see that everyone has something in common with each other.
- Learn that disabilities come in all different shapes and sizes, can be temporary or permanent, invisible or visible, and are a natural part of life.
- Develop social emotional learning (SEL) competencies that increase their ability to connect with students of various backgrounds, cultures, identities, and abilities.

To schedule a presentation at your school, contact Natalie Brooks, Director of Education Initiatives and Partnerships: NBrooks@thearcmd.org.
