Let's Learn About Differences Together!

Outcomes for Students in Pre-K and Kindergarten:

By participating in these presentations, students will…

- Have a "safe space" to hear a young adult with a disability share their personal experience about growing up and see that everyone has something in common with each other.
- Meet different characters in children's books who have a disability and make connections about their own similarities and differences.
- Learn about different ways to be kind and a good friend to everyone.
- Engage in movement activities, and sing songs about friendship and kindness.
